RE: Third country case numbers in the scope determination concerning the antidumping duty order on oil country tubular goods from the People's Republic of China (A-570-943)

1. On May 31, 2013, Commerce issued its preliminary scope determination concerning the antidumping duty order on oil country tubular goods (OCTG) from the People's Republic of China (PRC), finding that seamless unfinished OCTG that are produced in the PRC and further processed into certain grades of finished OCTG by particular finishing processes are within the scope of the antidumping order, regardless of the country in which the further processing occurs. See message number 3171301, dated 06/20/2013.

In order to ensure that requisite antidumping entries with a declared country of origin other than the PRC are and can be properly claimed as subject merchandise, we have added additional case numbers to the case reference file in ACE for certain countries. These additional case numbers reflect third countries listed as country of origin on shipments of OCTG from the PRC.

2. The merchandise covered by the antidumping order consists of certain OCTG, which are hollow steel products of circular cross-section, including oil well casing and tubing, of iron (other than cast iron) or steel (both carbon and alloy), whether seamless or welded, regardless of end finish (e.g., whether or not plain end, threaded, or threaded and coupled) whether or not conforming to American Petroleum Institute (API) or non-API specifications, whether finished (including limited service OCTG products) or unfinished (including green tubes and limited service OCTG products), whether or not thread protectors are attached. The scope of the order also covers OCTG coupling stock. Excluded from the scope of the order are casing or tubing containing 10.5 percent or more by weight of chromium; drill pipe; unattached couplings; and unattached thread protectors.

The merchandise covered by the order is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under item numbers: 7304.29.10.10, 7304.29.10.20, 7304.29.10.30, 7304.29.10.40, 7304.29.10.50, 7304.29.10.60, 7304.29.10.80, 7304.29.20.10, 7304.29.20.20, 7304.29.20.30, 7304.29.20.40, 7304.29.20.50, 7304.29.20.60, 7304.29.20.80, 7304.29.31.10, 7304.29.31.20, 7304.29.31.30, 7304.29.31.40, 7304.29.31.50, 7304.29.31.60, 7304.29.31.80, 7304.29.41.10, 7304.29.41.20, 7304.29.41.30, 7304.29.41.40, 7304.29.41.50, 7304.29.41.60, 7304.29.41.80, 7304.29.50.15, 7304.29.50.30, 7304.29.50.45, 7304.29.50.60, 7304.29.50.75,

7304.29.61.15, 7304.29.61.30, 7304.29.61.45, 7304.29.61.60, 7304.29.61.75, 7305.20.20.00, 7305.20.40.00, 7305.20.60.00, 7305.20.80.00, 7306.29.10.30, 7306.29.10.90, 7306.29.20.00, 7306.29.31.00, 7306.29.41.00, 7306.29.60.10, 7306.29.60.50, 7306.29.81.10, and 7306.29.81.50.

The HTSUS subheadings are provided for convenience and U.S. Customs and Border Protection (CBP) purposes only, the written description of the scope of the order is dispositive.

3. As discussed in paragraph 2 of message number 3171301, dated 06/20/2013 and paragraph 1 above, Commerce considers certain OCTG which is processed into finished OCTG in a third country to be covered by the scope of the antidumping duty order. Specifically, for OCTG finished in a third country but produced from PRC-origin, seamless unfinished OCTG, importers may declare the country of origin to be other than the PRC for CBP purposes. Therefore, the new case numbers have been created to allow for OCTG finished in a third-country to be properly claimed as subject merchandise upon entry. Paragraph 4 provides a list of third countries for which we have established case numbers for merchandise covered by the scope of the order.

The merchandise in question is currently classified in the HTSUS under item numbers: 7304.29.10, 7304.29.20, 7304.29.31, 7304.29.41, 7304.29.50, and 7304.29.61. The HTSUS subheadings are provided for convenience and CBP purposes only, the written description of the merchandise is dispositive.

4. The following is a list of third countries, and the corresponding case numbers, for which imports of certain OCTG finished in a third-country from seamless unfinished OCTG produced in the PRC (meeting API-5CT specification, grades P-110, T-95, and Q-125) are covered by the scope of the order. CBP headquarters should notify Commerce immediately about such imports.

5. As of the date of this message, third-country company-specific case numbers for this order have not been established, other than the case numbers pertaining to the third-country PRC-wide entity. Importers of OCTG that are within the scope of the order and that are being finished and exported

from a third-country who attempt to enter the OCTG at a company-specific cash deposit rate which has not been established for the third country in the ACE case reference file should contact the port of entry immediately. CBP headquarters should notify Commerce immediately about such imports.

6. Effective 06/20/2012, CBP shall require, for such entries, a cash deposit equal to the cash deposit rates in effect on the date of entry.
